**Section Quantity:**

2

**Opening Width:**

5.288 feet

**End Application:**

A-7/a-10aircraft hush house

**Operational Direction:**

Vertical

**Operation Method:**

Powered

**Opening Height:**

12.181 feet

**Construction:**

Interlocking horizontal slat

**Guide Type:**

Channel track

**Counterbalance Method:**

Any acceptable

**Material:**

Steel

**Material:**

Steel

**Surface Treatment:**

Zinc

**Surface Treatment:**

Galvanized

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T274-v
