Specific Use:

Non-structural

Material Form:

Solid

Material Type:

Recycled plastic

Nominalthickness:

1.000 inches

Nominallength:

8.000 feet

Nominalwidth:

6.000 inches

Special Features:

Dimensional lumber; channeled for increased flexual strength; requires standard tools and fasteners; 8 lbs; resistant to decomposition

Color:

Grey

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522v0
