**Specific Use:**

Food preparation surface and non-structural

**Material Form:**

Hollow

**Features Provided:**

Insect resistant and chemical resistant

**Material Type:**

Recycled plastic

**Nominalthickness:**

1.000 inches

**Nominallength:**

16.000 feet

**Nominalwidth:**

4.000 inches

**Special Features:**

Dimensional lumber; channeled for increased flexural strength; requires standard tools and fasteners; environmentally friendly; color-brownish grey; 16 lbs; resistant to decomposition, mold/mildew

**Color:**

Brown

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A522v0
