Board Non-wood Lumber - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5675-01-421-7920

Specific Use:
Food preparation surface and non-structural
Material Form:
Hollow
Features Provided:
Insect resistant and chemical resistant
Material Type:
Recycled plastic
Nominalthickness:
1.000 inches
Nominallength:
16.000 feet
Nominalwidth:
4.000 inches
Special Features:
Dimensional lumber; channeled for increased flexual stregth; requires standard tools and fasteners; environmentally friendly; clor-brownish
grey; 16 lbs; resistant to decomposition, mold/mildew
Color:
Brown
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A522v0
