Specific Use:

Non-structural

Material Form:

Solid

Features Provided:

Tongue and groove

Nominalthickness:

1.500 inches

Nominallength:

24.000 feet

Product Name:

Rumber

Nominalwidth:

7.000 inches

Special Features:

Boards are made of 65 percent recycled tires and 35 percent recycled plastic; 2 x 8 tongue and groove traction surface

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522v0
