Basic Material:

Plastic, polyvinyl chloride

Density Rating:

5.0 pounds per cubic foot

Special Features:

1.74 psi compressive, 319 psi tensile and 145 psi ultimate shear strength at 72 degrees f; 138 psi shear strength yield; 18 pct shear strain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T232-f
