End Application:

Pc-3c-orion aircraft

Basic Material:

Aluminum

Cell Condition:

Expanded

Cell Size:

1/4 in

Cell Perforation:

Not included

Density Rating:

4.3 pounds per cubic foot

Product Name:

Core material, aluminum, for sandwich construction

Supplementary Features:

Aircraft material

Specification Data:

81349-mil-c-7438g government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T232-f
