**Cell Depth:**

0.125 inches

**Product Name:**

Aramid fiber/phenolic resin honeycomb

**Special Features:**

High strength at low densities, small cell size as low densities, fire resistant, honeycomb is available in 48in, 3.0 is the density in pounds per per cubic foot,

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T232-f
