Overall Length:

8.280 inches

Overall Height:

6.320 inches

Overall Width:

6.940 inches

Component Type And Quantity:

5 capacitor and 4 diode and 16 relay and 110 terminal

Precious Material And Location:

Terminal surface gold and terminal surface silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A5110
