Overall Length:

4.125 inches

Overall Height:

2.500 inches

Overall Width:

3.562 inches

Unthreaded Mounting Hole Diameter:

0.312 inches single mounting facility

End Application:

W/s: intermediate forward test equip (ifte) system; electronic shop, trailer, semi mounted, an/asm-189 series; digital group multiplexer, an/trc-138, -173, -174, -175; patriot, surface to air missiles; electronic shop, trailer, semi mounted, an/asm-190 series

Mounting Facility Type And Quantity:

4 unthreaded hole single mounting facility

Material:

Aluminum

Style Designator:

Rectangular prism

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
