Overall Length:

9.063 inches

Overall Height:

4.875 inches

Overall Width:

6.250 inches

Dc Voltage Rating:

48.0 volts

Case Material:

Plastic

Electrical Power Source Relationship:

Operating

Internal Battery Accommodation:

Not included

Transmitter Current Supply Source:

Common battery

Outgoing Call Signal Device:

Cradle switch

Dial:

Included

Inclosure Locking Facility:

Not furnished

Push-to-talk Switch:

Not included

Special Features:

Color black, metropolitan dial

Color And Location:

Black

Style Designator:

Push button

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T187-d
