Overall Length:

21.500 inches

Overall Height:

9.000 inches

Overall Width:

19.000 inches

Frequency Band Quantity:

1

Repeater Type:

Balanced

Order Wire Facility:

Not included

Monitoring Facility:

Included

Overall Gain In Decibels:

60.0

Unit Type:

Secondary

Special Features:

Repeat coils have strappable turns ratio; equalizer, attenuator and amplifier stages are strappable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T187-d
