Overall Length:

5.960 inches

Overall Height:

1.420 inches

Overall Width:

5.580 inches

End Application:

Primary alerting system 21340

Component Type And Quantity:

1 panel and 11 resistor and 4 capacitor and 5 label

Special Features:

Supplies three separate supervisory tones: dial tone, ringback tone, and switch-selectable choice of either busy tone or alerting tone

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
