Overall Length:

6.850 inches

Special Features:

Input pwr consumption 28 watts; input transient or surge protection, 1 amp slo-blo fuse; output voltage 80 vac min., 115 vac max. At 48 vdc input; output current 150 ma max.; output polarity, floating; output freq 20 h (porm 2 hz) ; operating temp 32/120 degrees f, 0/50 degrees c, humidity to 95 pct; o/a width 5.850 in.; o/a ht 2.810 in.; mts in key telephone unit type mtg; telephone and telegraph equip.

Unpackaged Unit Weight:

6.600 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A518h0
