**End Application:**

Peace sheild program

**Special Features:**

Module contains a transmit tone; 1.420 in w; 5.580 in h; 5.960 in d; 2800.0hertz transmitted signal frequency; channel modem type; 4 circuit quantity; 500.0 hertz received and 3000.0 hertz receiving

**Functional Description:**

Tone detector module

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T187-d
