Overall Length:

9.700 inches

Overall Height:

13.500 inches

Overall Width:

6.150 inches

Dc Voltage Rating:

60.0 volts 1st operating power rqmt

Case Material:

Aluminum

Electrical Power Source Relationship:

Self-contained

Internal Battery Accommodation:

Not included 1st operating power rqmt

Transmitter Current Supply Source:

Any acceptable

Incoming Call Signal Device:

Ringer

Dial:

Not included

Inclosure Locking Facility:

Not furnished

Dial Blank:

Not included

Push-to-talk Switch:

Not included

Product Name:

Industrial telephone with keypad

Special Features:

Fully line powered; auxillary output allows peripheral equipment, such as beacons, video cameras, and alarm generators to be activated when the handset is off the hook; operating temperature, -40 to +140 degrees fahrenheit; handset and cord are "g" style with armored cord and volume switch; meets hearing aid compatibility, magnetic field intensity and volume control technical standards per fcc sections 68.316 and 68.317

Color And Location:

Gray case

Style Designator:

Push button

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T187-d
