Overall Length:

14.170 inches

Overall Height:

1.730 inches

Overall Width:

16.870 inches

End Application:

Multiple networks

Component Type And Quantity:

1 network

Product Name:

Secure 210-mini 1u platform

Special Features:

Provides secure firewall; authentication; global intelligence; instrustion prevention system; anti-virus/spyware; anti-spam; application visability and control; networking and routing; secure servers; vpn; unlimited user licenses; recommended users, 150; single power supply; 220 w; 110/220 v; operating temperature 67-130 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
