Special Features:

7.0 unit code; 3 channels; tape data, 0.688 in. W, fully punched; synchronous governed motor; 100 words per min. Transmitting speed; operating power requirement, ac, 115 v, 60 cycles, single phase, not dc; complement data, complement listing, 1, teletype corp, cabinet, part no. Lbac272br, 3, teletype corp, numbering module, part no.328010, 3, teletype corp, crystal, p/n 328003, 2, teletype corp, base p/n lmx213br, 6, teletype corp, transmitter distributor, p/n lxd37, 2, teletyp corp, motor unit, p/n lmu12, 2, teletype corp, p/n 173595; jetds identification data, distributor-transmitter set, teletypewriter, type no. An/ugt-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
