Overall Length:

9.500 inches

Overall Height:

2.500 inches

Overall Width:

4.500 inches

Component Type And Quantity:

1 cable and 2 contact and 1 housing and 42 key and 1 shaft and 4 switch

Special Features:

Major components: code bars 35; mounting method: five, 0.093 inch diameter unthreaded mounting holes; cable assembly length: 10.000 inch; electrical connector: 35 pin; 2.250 inch length; 1.000 inch width

Precious Material And Location:

External plug pins gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
