Overall Length:

40.000 inches

Overall Height:

18.500 inches

Overall Width:

20.500 inches

Ac Voltage Rating:

115.000 volts

Frequency Rating:

60.000 hertz

Keyboard Type:

Weather communications

Internal Battery Accommodation:

Not included

Installation Design:

Fixed station

Motor Type:

Synchronous

Unit Interval Quantity:

7.420

Tape Feed Type:

Friction

Character Quantity Per Line:

72

Keyboard Language:

English

Phase:

Single

Reference Number Differentiating Characteristics:

Aleg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T187-c
