Overall Length:

1.2615 inches

Overall Width:

0.3205 inches

Component Type And Quantity:

1 lever and 1 stud

Special Features:

Mounting configuration: one 0.1545 inch diameter stud; 0.187 inch diameter mounting hole with slot 0.0625 inch wide; steel; spheroidize annealed; heat treated to rockwell c-45 to c-50; finished e211 per mil-f-14072; phosphated; steel stud qq-5-00763; finish e300 and passivated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A5110
