Overall Length:

1.280 inches

Overall Height:

0.620 inches

Overall Width:

0.760 inches

End Application:

Type no. An/fgc-8d

Component Type And Quantity:

1 bracket and 3 insulator

Special Features:

Zmajor components: sensitive switch 2; usage design: electrical circuit switch assembly; mounting configuration: two, no.2-56 threaded mounting holes spaced 6.265 inch center to center; switches are spot, 4 solderlug terminals on each

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A5110
