**Overall Length:**

1.281 inches

**Overall Height:**

0.626 inches

**Overall Width:**

0.765 inches

**End Application:**

Type no. An/fgc-80, teletypewriter set

**Component Type And Quantity:**

1 bracket and 2 insulator and 1 plate

**Special Features:**

Xmajor components: sensitive switch1; usage design: electrical circuit switch assembly; mounting configuration: two no. 2-56 threaded mounting holes spaced 0.265 inch center to center; switch is a spdt with four solder lug terminals

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A5110
