Overall Length:

1.281 inches

Overall Height:

0.626 inches

Overall Width:

0.765 inches

End Application:

Type no. An/fgc-80, teletypewriter set

Component Type And Quantity:

1 bracket and 2 insulator and 1 plate

Special Features:

Xmajor components: sensitive switch1; usage design: electrical circuit switch assembly; mounting configuration: two no. 2-56 threaded mounting holes spaced 0.265 inch center to center; switch is a spdt with four solder lug terminals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A5110
