Overall Length:
1.281 inches
Overall Height:
0.626 inches
Overall Width:
0.765 inches
End Application:
Type no. An/fgc-80, teletypewriter set
Component Type And Quantity:
1 bracket and 2 insulator and 1 plate
Special Features:
Xmajor components: sensitive switch1; usage design: electrical circuit switch assembly; mounting configuration: two no. 2-56 threaded
mounting holes spaced 0.265 inch center to center; switch is a spdt with four solder lug terminals
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A511I0
