**Case Material:**

Aluminum alloy

**Case Surface Treatment:**

Enamel

**Battery Quantity:**

3

**Battery Type:**

Dry

**Maximum Voltage Rating In Volts:**

45.0 dc

**Inclosure Type:**

Encased

**Terminal Location:**

Front

**Power Source:**

Self-contained

**Mounting Method:**

Portable

**Terminal Type And Quantity:**

2 binding post

**Maximumlength:**

9.375 inches

**Maximumwidth:**

3.500 inches

**Maximumheight:**

7.062 inches

**Fsc Application Data:**

Radio and television communication equipment, except airborne

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A31700
