Overall Length:

20.000 inches

Overall Height:

12.250 inches

Overall Width:

19.000 inches

Component Type And Quantity:

4 gear and 2 shaft

Special Features:

Usage design: frame panel for radio transmitter; mounting method: screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
