Case Material:

Aluminum alloy

Case Surface Treatment:

Enamel, gray

Maximum Voltage Rating In Volts:

110.0 ac or 26.5 dc

Inclosure Type:

Uninclosed

Power Source:

External

Mounting Method:

Rack

Maximumlength:

19.000 inches

Maximumwidth:

10.500 inches

Maximumheight:

5.000 inches

Intelligence Data Handling Capability:

Control transmitting manual

Fsc Application Data:

Radio set group, radio, except navigation, nonairborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A31700
