Overall Length:

6.200 inches

Overall Height:

4.000 inches

Overall Width:

6.000 inches

Mounting Configuration:

Four 0.169 in. Diameter mtg holes irregularly spaced

Special Features:

Consists of: bearing 19; dial 6; gear 13; gear assembly 1; housing 1; printed wiring board 4; shaft 6; switch 1

Fsc Application Data:

Control, receiver, radio, except navigation, nonairborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
