End Application:

Cctv facility

Special Features:

0input pwr 45 watts nom at 120/240 v, 50 or 60 hz; video signal composite, min of 0.35 v p-p for 40 v at kinescope; video input impedance, high impedance bridging which can be terminated by an external 75 ohm (porm 5 pct)resistor through a switch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
