Special Features:

Pwr transformer primary connections can be set to accept nom. Input voltages of 100-120-200-220-240 volts at 50/60 h (porm 10 pct) ; chassis-hvy duty aluminum; glass-epoxy circuit boards; stranded conductor; polytetrafluoroethylene insulated internal wiring; remote control red and white tally light; high resolution shadow mask crt; designed for size-limited signal evaluation; portable cabinet; horiz/vert delay

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T198-b
