General Description:

Components, extender card; positioner; crimp tool; socket removal tool; pin removal tool; pin and socket insert tool; wire mil-w-81822/6; wire wrapping, stripping, unwrapping tool; terminal lug, awg 16; terminal lug, awg 26; card chassis; control module, p/n 79c5028a2040; control module, p/n 79c5028a2030; control module, p/n 79c5028a2020; capacitor, electrolytic, tantalum, p/n m39003/01-2374; terminal strip, p/n72210; socket, nsn 5935001354048; transistor, p/n 2n3055; connector, p/n m81511/0iee0ip2; connector, p/n m81511/01ef01p2; interface panel; rail; base plate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
