## **General Description:**

| Provides overvoltage | e protection for converter/tracking receiver; | input voltages 15 vdc bias,   | negative 15 vdc bias, | 5 vdc sense, | negative 20 |
|----------------------|---|-------------------------------|-----------------------|--------------|-------------|
| vdc sense, 115 vac;  | oper temp minus 10 to positive 60 degree      | s c; o/a dims 5.0 in. Lg; 2.0 | in. W; 0.60 in. H     |              |             |

Shelf Life:

N/a

**Unit Of Measure:** 

--

Demilitarization:

Yes - demil/mli
