Maximum Power Dissipation Rating:

25.0 watts

End Application:

An/mpq-t3 close circuit television camera

Emission Type:

F5 receiving

Supplementary Features:

Doutput video 1.0v or 1.5v p-p composite video; type of lens mount: c mount, 16mm format; dimensions 16.6 x 6.2 diameter; environmental protection: chemical and abrasion resistant; model number 5800

Fsc Application Data:

For environmental security/surveillance applications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T198-b
