Overall Length:

12.650 inches

Overall Height:

4.200 inches

Overall Width:

6.250 inches

End Application:

An/prc-12 (v)

Voltage In Volts And Current Type:

24.0 dc

Special Features:

Consists of: p/n 901615-801 vehicle adapter, p/n 627670-1 antenna, p/n 627671-1 antenna, various connecting cables

Functional Description:

Provides the physical and electrical accommodations necessary for mounting and operating the radio set an/prc-12 (v) in a vehicle

General Description:

Input power: 10-32vdc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
