Average Life Measurement:

Not rated

End Application:

Next generation radar (nexrad); nha lr4-2000 digital radio

Inclosure Type:

Partially enclosed

Installation Design:

Rack

Emission Type:

F9

Circuit Construction Type:

Solid state

Special Features:

Four state offset quadrature phase shift keying (qpsf) modulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
