**Electrical Power Source Relationship:**

Operating

**Internal Battery Accommodation:**

Included

**Output Frequency Rating:**

782.000 megahertz

**Special Features:**

For installed sound applications and working bands; wireless bodypack transmitter, clear channel inline power supply; automatic transmitter setup; backlit lcd w/timeout; frequency and power lockout; 3 segment battery fuel gage; 2 aa batteries; automatic frequency selection; 24 mhz; detachable antenna; lo battery indicator; metal chassis; half rack design; xlr and 0.250 in outputs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T199-d
