**Overall Length:**

5.500 inches

**Overall Height:**

1.320 inches

**Overall Width:**

2.320 inches

**Dc Voltage Rating:**

9.6 volts

**Electrical Power Source Relationship:**

Operating

**Installation Design:**

Portable

**Product Name:**

Handheld 2 meter transceiver

**Special Features:**

Operating temperature range: negative 10 to 60 degree celsius; antenna connector: bnc (50 ohms); number of memory channels: 43; weight (w/ant. And battery): 420 gram

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T199-d
