Overall Length:

14.250 inches

Overall Height:

3.500 inches

Overall Width:

19.000 inches

Ac Voltage Rating:

230.0 volts

Frequency Rating:

50.0 hertz

Electrical Power Source Relationship:

Alternate operating

Special Features:

2 line fluorescent display; auto backup; 5 input stereo audioeter; cassette and disk playback; 2 microphones; antenna cable; freq range 87.5/108.1mhz; bnc input; 2u rackmount; rf continuous duty; 50 hz export model

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T199-d
