Overall Length:

7.650 inches

Overall Height:

1.600 inches

Overall Width:

2.600 inches

Power Output:

Between 100.000 milliwatts and 4.000 watts

Installation Design:

Portable

Document Controlling Agency:

Raytheon

Product Name:

Microlight-dh500 fully networked/integrated radio

Special Features:

Input power: 9-36vdc; freq range: 3 bands: 225-2000mhz; ethernet, usb; 24-pin hot-shoe, audio/fill, communication and gps antenna; advanced encryption standard (aes) security; tdma, cdma and fdma channel access

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T199-d
