Overall Length:

3.812 inches

Overall Height:

0.625 inches

Overall Width:

2.375 inches

End Application:

Radio and television communications equipment, airborne

Component Type And Quantity:

1 bracket and 16 pin

Special Features:

Component type and qty: arm 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
