**Component Type And Quantity:**

6 capacitor and 16 diode and 8 pad and 1 plug and 1 printed wiring board and 5 relay and 10 resistor and 1 transformer and 1 transistor

**Special Features:**

Fsc appl: control switch, radio communication, airborne

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A5110
