Overall Length:

13.750 inches

Overall Height:

2.875 inches

Overall Width:

6.250 inches

Component Type And Quantity:

4 crystal and 7 relay

Special Features:

Electron tubes 44, ratchet motor w/switch assembly 1, joint electronics designation system type no. Mx-1489/arc-34; mtd inside of case jcens cy-1398/arc-34; receiver-transmitter, radio communication equip., airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
