Overall Length:

14.125 inches

Overall Height:

4.125 inches

Overall Width:

4.500 inches

End Application:

Radio communication equipment, airborne

Component Type And Quantity:

1 mixer

Special Features:

Mtg configuration: nine no. 4-40 thd captive screws for mtg; mtg method: screw; component type and qty: amplifier, rf 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
