Overall Length:

2.3513 inches

Overall Width:

1.120 inches

End Application:

Type no. An/arc-45

Component Type And Quantity:

1 terminal and 12 button and 12 contact and 1 gear and 48 pin

Special Features:

Mtg method: shaft mounted; usage design: used in receiver-transmitter type no.Rt-295/arc-45; mounting configuration: shaft 0.312 in.Dia; fsc application data: receiver-transmitter, radio, except navigation, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
