Overall Length:

2.000 inches

Overall Height:

1.445 inches

Overall Width:

1.900 inches

End Application:

Type no. An/arc-45

Component Type And Quantity:

1 holder and 2 spacer and 4 bracket and 1 switch and 20 crystal

Special Features:

74 holes 0.102 in.Dia located on 1.568 in.By 1.568 in.Centers; mounting method: mtd on shaft retained by 4 brackets bolted to housing; usage design: used in crystal turret; fsc application data: radio receiver-transmitter, radio except navigation, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
