Overall Length:

14.125 inches

Overall Height:

3.000 inches

Overall Width:

6.500 inches

Special Features:

Electron tube 5, plug-in oscillator unit 3, oscillator stage unit 1, first mixer stage unit 1, second mixer stage unit 1, phase discriminator 1, third mixer-amplifier 1, crystal unit 1, crystal oven 1; joint electronics designation system no. Mx-6592/arc-34c; three no. 8 screws on 3.687 by 13.125 in. Mtg ctrs; receiver-transmitter, exc. Navigation airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
