Overall Length:

20.000 inches

Overall Height:

2.740 inches

Overall Width:

6.112 inches

End Application:

Radio set, nonairborne

Special Features:

Bracket 1; capacitor 26; coil, radio freq 4; clamp 1; connectors 2; contact, connector 1; contact plate 1; electron tubes 8; holder tube 1; insulator plate 1; retainer ring 1; resistors 20; shield electron tube 3; shield 1; socket electron tubes 8; terminal studs 12; transformer radio freq 2; snap slide fastener hole mtd; two 6-32 nc-2 thd tapped holes spaced 1.125 in. C to c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
