**End Application:**

C-17

**Electrical Power Source Relationship:**

Operating

**Internal Battery Accommodation:**

Not included

**Installation Design:**

Airborne

**Emission Type:**

A5c transmitting

**Criticality Code Justification:**

Feat

**Special Features:**

Electrostatic discharge sensitive; has 2 heaters, lens assembly, and a thermostat

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T198-b
