End Application:

C-17

Electrical Power Source Relationship:

Operating

Internal Battery Accommodation:

Not included

Installation Design:

Airborne

Emission Type:

A5c transmitting

Criticality Code Justification:

Feat

Special Features:

Electrostatic discharge sensitive; has 2 heaters, lens assembly, and a thermostat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T198-b
